

Material Safety Data Sheet

AquaClean

ACF-32

SECTION 1: Identification of Product and Supplier	
Product Name	AquaClean ACF-32
Provider	BluePlanet Labs 15752 Industrial Parkway Cleveland, OH 44135 USA
Importer and Distributer	BluePlanet LLC 110 Charlotte Place Englewood Cliffs, NJ 07632 USA
Emergency Telephone	(402) 871-7833 (BluePlanet Labs during office hours in USA, Eastern Standard Time)

SECTION 2: Composition / Ingredients	
Product Type	Waste Water Treatment and Soil Enhancer
Active Ingredients	Strains of all nature Heterotrophic, Anaerobic, and Photosynthetic Bacteria in aqueous solution
Chemical Name	Not applicable
Concentration	Viable Bacterial Culture (<1% by Weight) in a Non-Hazardous organic substrate (2% by Weight) suspended in a Water Base (97% by Weight)
Chemical Formula	Not Applicable
CAS Num.	CAS No. 7732-18-5
Num. A	Non-Hazardous for Transport (NPT)

SECTION 3: HAZARDS IDENTIFICATION	
Brand Label	AquaClean (ACF-32, ACF-SR, AquaClean-PAC)
Risk classification of the chemical products that normally causes no harm.	
a) Health hazards of people: Effects of acute exposure Inhalation Contact Skin Contact Eye Contact Ingestion Effects of a on chronic (long term) Medical conditions that will be aggravated by exposure to product b) Environmental Hazards c) Special hazards of product	No known acute exposure hazards No known inhalation hazard No known dermal hazard No known eye irritant Ingestion may cause minor discomfort No risk of inducing genetic mutations in humans Not carcinogenic No known conditions that are aggravated by overexposure No hazards to the environment are known No special hazards known

SECTION 4: FIRST AID MEASURES

In case of accidental contact with the product	Remove the patient from immediate source of exposure. Follow the directions below. Seek medical attention and show the label or MSDS for product if any symptoms persist.
Inhalation	Remove to fresh air.
Skin Contact	Remove contaminated clothing. Wash affected skin areas thoroughly with soap and water. If symptoms persist, call a doctor immediately.
Contact with eyes	Wash with plenty of water for at least 10 minutes keeping eyelids open. Remove contact lenses, if present, after the first 5 minutes, and then continue rinsing eyes. Notify physician immediately if irritation or redness persists.
Ingestion	Do not induce vomiting. Rinse mouth with water, drink water or milk to dilute. Call a doctor if symptoms of diarrhea develop.
Notes to physician	Perform first aid, decontamination and symptomatic treatment.

SECTION 5: Measures for fire fighting

Extinguishing Media	No fire hazard
Specific flammable risks.	No known toxic gases

SECTION 6: Measures to Control Spills or Leaks

Emergency Measures	Mark the affected area and prohibit access by outside persons, children and animals at the site of the spill until area is dry by evaporation.
Personal Protective Equipment	Use impermeable gloves CE (or equivalent) nitrile certificates with a minimum thickness of 0.4 mm. Use protective goggles EN166 type. Use protective equipment Type 6
Precautions to avoid damage to the environment	No damage or contaminants to courses of water, water sources or sewer.
Methods for cleaning	Ventilate area and wash-down spill area with water after completely removed all of the material.
Waste Disposal Method	Refer to Section 13.

SECTION 7: Handling and Storage

Technical Recommendations	Follow common safety standards and suitable applications of liquid fertilizers.
Warnings	Keep out of reach of children. Store away from foodstuffs, beverages and feed. Avoid exposure by inhalation. Avoid contact with skin, eyes, nose and mouth. Use appropriate protective equipment
Specific measures for safe handling	By adults trained in handling. Keep away from children.
Storage conditions	Store in original container in a cool, dry, well -ventilated place. Optimal Temp : 15-25 ° C and hold at Temp <40 ° C and Temp 10°C
Recommended packing	Suitable material: Store in original packaging

SECTION 8: Exposure Controls / Special Protection

Personal Protective Equipment	Use impermeable gloves CE (or equivalent) nitrile certificates with a minimum thickness of 0.4 mm. Use protective goggles EN166 type. Use protective equipment Type 6
-------------------------------	---

SECTION 9 Physical and chemical properties

Liquid	Physical State suspension in water
Appearance	Color light brownish/purple liquid
Density / Specific Gravity	Not Determined / 0.9985 SG
pH	6.5 to 7.5
Flash Point	Non-Flammable
Solubility in water and other solvents	Not Determined

SECTION 10: Stability and Reactivity

Stability	Stable under normal conditions of use
Conditions to avoid	Avoid extremely high temps in storage
Materials (incompatibility)	No known hazardous incompatibilities. When applied, dilute all other products before adding
Hazardous Decomposition	No known hazardous reactions under normal conditions of use
Danger Hazardous toxic gas	Non known
Hazardous polymerization	None will occur

Section 11: Toxicological Information

Toxicology	Product is non-toxic, non-pathogenic mixture of naturally occurring bacterium in a water base.
------------	--

SECTION 12; ECOLOGICAL INFORMATION	
Instability	Product is stable
Persistence	No Residual issues, all naturally occurring
Bioaccumulation	No Residual issues, all naturally occurring
Behavioral / Environmental Impact	None known
Ecotoxicity	None known

Section 13: Disposal Considerations	
Product Disposal Method	Safe to dispose by washing down sewage drains with water, in accordance with local, state, federal requirements
Disposal of Contaminated Packaging	Wash with water three times, pouring rinse water into application mixture. Finally, drill container to prevent reuse; or apply detergent and water, shake and empty for reuse.

Section 14: Transport Information	
Special Handling	No Special Handling Required. Protect product from excessive heat

SECTION 15: Standards in effect	
Product is all natural and exempt from EPA regulations.	May be used without restriction in agricultural uses for soil enhancement, composting, and manure management.

SECTION 16: OTHER INFORMATION	
The data in this Fact Sheet were obtained from reliable sources. However, it is provided without express or implied warranty as to its accuracy or correctness. The opinions expressed in this paper are those of trained professionals. The information given in it is not known as	Whereas the use of this information and the product is outside the control of the supplier, the company assumes no responsibility in this connection. Determine the conditions for safe use of the product is the user's
